HARBIN INSTITUTE OF TECHNOLOGY
LONG-TERM CHINESE LANGUAGE PROGRAM

PROGRAM FEATURES

Scientifically Structured Curriculum and Level-Based Teaching

The program offers three main levels: beginner, intermediate, and advanced. Each level is further divided into six to seven tiers, ensuring that every student is placed in a class perfectly suited to their current proficiency for optimal learning.

Comprehensive Curriculum Integrating Language and Culture

The curriculum covers core Chinese language courses, including Comprehensive Chinese, Listening, Speaking, Reading, and Writing. It also provides HSK preparation courses and in-depth explorations of Chinese society and culture, featuring Introduction to China and immersive traditional cultural experiences.

Interactive Teaching with a Focus on Communication

A diverse range of teaching methods is employed, including simulated scenarios, group discussions, and multimedia tools. These approaches are designed to enhance students' practical communication skills while keeping classes highly engaging.

Professional Faculty and Personalized Support

Our dedicated faculty adapts their teaching methods to align with students' individual levels and goals. Additionally, instructors provide comprehensive support for both academic success and daily life.

LEARNING OUTCOMES

After 16 weeks of structured learning, you will be able to:

Communicate with confidence;

Achieve high scores on the HSK;

Comprehensively improve your reading and writing skills;

Develop strong cross-cultural communication skills.

You will not only be a learner of Chinese but also a confident user of the language.
In just 16 weeks, you will truly fall in love with the Chinese language and gain a deeper understanding of China.

QUALIFICATIONS

Applicants must be non-Chinese nationals, at least 16 years of age, and in good mental and physical health.
